

## **2025–2026 Academic Year Adaptation Program**

Due to the change in the curriculum in the 2025–2026 academic year, it has been unanimously resolved to add the following adaptation rules to the curriculum and to submit them to the Dean's Office.

### **1- Adaptation of Thermal Systems Design and Insulation Course:**

Students who took and failed the course coded 1210764 / 1215764 Thermal Systems Design and Insulation in the 2024–2025 academic year and earlier must take the course coded 1210764 / 1215764 Thermal Systems Design or another course from the Technical Elective Course II group that they have not previously taken and passed.

### **2- Adaptation of Renewable Energy Systems Course:**

Students who took and passed the course coded 1210866 / 1215866 Renewable Energy Systems in the 2024–2025 academic year and earlier must take another course from the Technical Elective Course III group, excluding the course coded 1210702 / 1215702 Renewable Energy Systems, that they have not previously taken and passed.

### **3- Adaptation of Thermal Turbomachinery Course:**

Students who passed the course coded 1210731 / 1215731 Thermal Turbomachinery in the 2024–2025 academic year and earlier must take another course from the Technical Elective Course V group, excluding the course coded 1210802 / 1215802 Thermal Turbomachinery, that they have not previously taken and passed.

Students who failed the course coded 1210731 / 1215731 Thermal Turbomachinery in the 2024–2025 academic year and earlier must take the course coded 1210802 / 1215802 Thermal Turbomachinery from the Technical Elective Course V group or another course from the Technical Elective Course III group that they have not previously taken and passed.
